Air Conditioning & Heating

## ENERGY EFFICIENCY IS THE KEY...

...TO CONTROLLING THE COST OF AIR CONDITIONING YOUR HOME.

Enjoy top quality, high-efficiency cooling and an environmentally-friendly refrigerant—get them all at a refreshingly affordable price.

When you purchase a Goodman® 16 SEER High-Efficiency central air conditioning system,

you are making one of the best decisions possible for your home comfort. We strive to build heating and air conditioning systems that offer the best warranties, highest quality levels, superior performance ratings, and legendary durability standards...all at a price that will have you saying, "Thank goodness for Goodman."

Thank goodness for Goodman.™

## R-410A REFRIGERANT

Your new Goodman 16 SEER central air conditioning system will not only provide you with money-saving cooling performance for many years, but it also features R-410A refrigerant. Since this refrigerant does not contain Chlorine, it is more environmentally friendly than R-22 refrigerant, which is currently used in most air conditioning systems.

Introduced in 1995, R-410A refrigerant has helped increase the durability and reliability of air conditioner compressors.

## AIR CONDITIONING SEER RATINGS

"SEER" stands for Seasonal Energy Efficiency Ratio, which is a measurement of an air conditioner or heat pump's cooling energy efficiency developed by the U.S. Department of Energy. It's a simple formula: the higher the SEER of your unit, the greater its efficiency – and the lower your operating costs.

Your new Goodman SSX16 R-410A Air Conditioner offers efficiencies of 16 SEER or higher, providing significant savings compared to many older units.

In fact, these units are so efficient that they meet the higher standard of the Environmental Protection Agency's Energy Star Program!

## OUTSTANDING WARRANTY PROTECTION

**A GOODMAN AIR CONDITIONING SYSTEM HAS POSSIBLY THE BEST WARRANTY IN THE HOME COMFORT INDUSTRY.**

The compressor in your new 16 SEER air conditioning system is covered by a Lifetime Limited Warranty. If the compressor ever fails a new one will be provided to the original purchaser of the central air conditioning system as long as they live in the same single-family residence. To receive this Lifetime Limited Warranty you must also install a properly matched indoor coil or air handler to the air conditioning system.\*

\*Online registration required within 60 days of installation. For complete details on Goodman warranties, visit [www.goodmanmfg.com](http://www.goodmanmfg.com).

All functional parts of your air conditioning system are warranted for 10 full years after installation. To get all the specific warranty details and to register your new Goodman system, visit us at [www.goodmanmfg.com](http://www.goodmanmfg.com).

For even greater peace of mind, ask your Goodman dealer about **GoodCare**,<sup>®</sup> an affordable Extended Parts and Labor Service Plan program that covers your entire Goodman brand central heating and cooling system.

## IMPRESSIVE FEATURES AND BENEFITS:

**GOODMAN SSX16 –16 SEER  
R-410A REFRIGERANT  
HIGH-EFFICIENCY AIR CONDITIONER**

- 10-Year Parts Limited Warranty
- A high-performance, high-efficiency scroll compressor with a Lifetime Limited Warranty
- Environmentally-friendly R-410A refrigerant
- A factory-installed in-line filter dryer, for longer system life
- A louvered cabinet made of heavy-gauge galvanized steel that protects the coil, while its appliance-quality, post-paint finish resists the effects of weather and time
- An 8-pole, 850-RPM motor; a three-bladed fan; and a unique louvered sound-control top – all of which add up to quieter system performance
- A high-efficiency condenser coil made of corrugated aluminum fins and rifled refrigeration-grade copper tubing
- An attractive new design, finished in an Architectural Gray color that complements any home environment
- Easy-access design, making the unit easy to service
- Performance certified in accordance with the Air Conditioning and Refrigeration Institute
- Compressor sound cover

**Thank goodness for Goodman.™**

## GOODMAN: A RECOGNIZED INDUSTRY LEADER

Every Goodman heating and air conditioning system is designed, engineered, and manufactured with pride. All employees follow strict, quality-driven processes to ensure that all Goodman products offer the legendary performance that has made the brand a recognized leader in the industry. This attention to quality has resulted in the Goodman family of companies becoming the second largest unit manufacturer of residential air conditioning and heating systems in North America.

The legacy began when Harold Goodman, a former air conditioning contractor, felt that he could build a better product. His goal was to manufacture air conditioning and heating equipment that performed more reliably, lasted longer than the competing products, eliminated time-consuming installation problems, and make air conditioning and heating products as affordable as possible.

Harold accomplished his goal and today the Goodman family of companies manufactures heating, air conditioning and ventilating equipment in modern facilities located across the United States.

Air Conditioning & Heating

Our continuing commitment to quality products may mean a change in specifications without notice.
